Types of Injuries

Location of Injuries
What is the most important factor when categorizing an injury?

Describe the three ideas about location that must be considered when categorizing an injury:

1. 

2. 

3. 

Name and define 7 major classes of injuries:

1. 

2. 

3. 

4. 

5. 

6. 

7.
Ante-, Peri-, and Postmortem Injuries

1. antemortem:

2. perimortem:

3. postmortem:

Create a short story about a victim that has ante-, peri- and postmortem injuries.

From your story, identify the following:

antemortem injury:

perimortem injury:

postmortem injury:

manner of death:

cause of death:

mechanism of death:
